

Gregory E. Amidon, Ph.D., University of Michigan, College of Pharmacy, Ann Arbor, MI 48109

Dr. Amidon received his BS in Medicinal Chemistry (1974) and his Ph.D. in Pharmaceutical Chemistry (1979) from the University of Michigan at Ann Arbor. He returned to the University of Michigan, College of Pharmacy in September 2007 as Research Professor of Pharmaceutical Sciences after 28 years in the pharmaceutical industry. Prior to joining Michigan, he was Research Fellow at Pfizer-Ann Arbor leading the Materials Assessment laboratory responsible for physical and mechanical property characterization of compounds, excipients, and formulations in early development. Dr. Amidon has held various research positions in pharmaceutical R&D for Pharmacia, Pharmacia & Upjohn, and originally The Upjohn Company in Kalamazoo, MI. He has published extensively and is recognized for his expertise in the physical, chemical and mechanical property characterization of active pharmaceutical ingredients, excipients, products, and manufacturing processes as well as the development of scientific strategies for oral solid dosage form development. Dr. Amidon is a member of the Executive Committee of the USP Council of Experts and Chair of the USP Expert Committee on Excipient General Chapters. He is a Fellow of the American Association of Pharmaceutical Scientists and a past recipient of the Ebert Prize from the American Pharmaceutical Association.
